

Name _____

Maggie Spies Math Fun!

Maggie had such fun the other day while exploring Quicama National Park.

She spied:

- 3 zebras
- 1 leopard
- 2 crocodiles
- 2 giraffes
- 3 frogs
- 5 chameleons
- 6 snakes

If you were to put all these animals together, how many feet would there be? Use the space below to show your thinking. You may use pictures, words, and numbers.
